

The Miner.

Local Intelligence.

Prescott, July 17, 1899.

PERSONAL, ETC.—Wednesday last, we received a call from Captain Barrett, who had just arrived in Prescott from San Francisco. The Captain comes here in the employ of the Sterling Mining Company, and will go out to the mill in a day or two. He is an old Reese Riverite, and, consequently, met many old acquaintances here. He likes this part of the Territory; said its pine mountains cheered him, mightily, and its cool, invigorating breezes refreshed him greatly.

E. J. Cook, of this place, who has been in California, for some time past, purchasing goods for his home here, arrived here in Wednesday's coach, in good health and spirits. He left San Francisco on the third inst.

A. O. Noyes and A. Henderson, are expected home next week, from California.

FROM WICKENBURG.—B. L. Reese, who arrived here from Wickenburg, Wednesday evening last, informs us that when he left there, (Monday evening last at 7 p. m.) the Vulture Mining Company's mill, at Vulture City, a short distance above Wickenburg, was running but five stamps—one battery—the other battery being out of repair. Lieutenant McCleave and his troops had returned to Wickenburg from a second trip to the Hachuehilla mountain. The command saw no Indians on the last raid. Dr. F. P. Howard had moved his stock of drugs and medicines into his new building, which is said to be an excellent one. The health of Wickenburg was good.

NEW ENTERPRISE.—A coach, owned and driven by B. L. Reese, arrived here from Wickenburg Wednesday evening last, with three passengers. E. J. Cook, Captain Barrett and another gentleman. Mr. Reese requests us to inform the public that it is his intention to run his coach, regularly, once a week, between Wickenburg and Prescott, and that he has fixed the rates of fare as follows: From Wickenburg to Prescott, \$30. From Prescott to Wickenburg, \$20. Passengers can make the round trip for \$40. These rates are in gold coin. Messrs. Allen & White are Mr. Reese's agents here.

SLEIGHT OF HAND.—Loren S. Jenks, Dan Kennison, Ben Franklin and Tom McPherson, of this place, arrived home Saturday last, with eleven dead deer, which they killed in the Black Mountain, northeast of Prescott. The party saw no Indians, or Indian "signs." Mr. Jenks informs us that the party saw many beautiful valleys, a great deal of excellent timber, and many streams and springs, in the mountain.

MAN SHOT AND KILLED.—A private letter from a resident of Phoenix, (Salt River), in this county and Territory, informs us that a man named Jim Smith shot and killed a Canadian, named James Nelson, at Phoenix, on the 24 instant. Smith shot Nelson twice, with a six-shooter, and then made his escape. Nelson was unarmed, and is said to have been a quiet, inoffensive citizen, when not under the influence of liquor. Whisky, our informant states, was the cause of the trouble. There is a doggerly at the place, running night and day, without license, and our county officials would do well to attend to the matter. The proprietor should be put through, immediately. Dr. J. T. Aisap and Wm. Osborn had arrived there from Prescott. The health of the place was good. The barley crop had been harvested and the corn was looking fine.

RETURNS OF A PROSPECTING PARTY.—Zadok and Cal. Jackson, Moses Lovejoy, N. S. Griffin, and others, took a trip to the Lower Hassayampa last week, to hunt for hydraulic diggings, but did not find any that suited them. Below Walnut grove they saw fresh Indian "signs," and would have been suited had they come within shooting distance of the makers of the "signs."

HON. W. H. HARDY. of Hardyville, Mohave county, arrived here on the night of the 15th. He says Hazard's freight train will be here in a day or two. It had rained at the Toll-Gate, and the crops in that vicinity looked well. It rained heavily at Lee's ranch, in American Valley, 15 miles from Prescott, during Mr. Hardy's stay there. He passed one or two parties of White Pines, bound for Prescott.

TEAM-WORK.—A. M. Johnson advertises his readiness and willingness to do jobs of hauling. He has a good team and knows how to drive it. Mr. Johnson has recently arrived here from Tucson, and that fact alone ought to satisfy our citizens that he stands in need of their patronage.

CARPENTERS are at work on a house for John G. Campbell, which, when completed, will be the largest and finest private residence in Prescott. It is being built in the center of his garden and orchard, on Willis and Gurley streets.

MAIL MATTERS.—Tuesday's mail, which was due here at noon, on that day, did not arrive until after dark. The soldiers who brought it in informed us that it was delayed by the failure of the La Paz stage to reach Wickenburg at the usual time. We now receive two mails a week, from California, and should the service be performed promptly, our citizens will be saved the trouble of growling at the contractors. The big mail, escorted by soldiers—arrives every Tuesday, closes every Friday evening at half-past eleven; leaves Saturday mornings. The other mail will arrive here Sunday mornings, and leave every Wednesday evening. No escort accompanies this mail, but the rider does most of his riding in the night, and, consequently, does not give the Apaches much show to take him and his mail. The rider, with mail, started out early last Wednesday evening, in company with Wm. Cory, of this place, S. Z. Pierce and Mr. Wilson, of Date Creek.

The last party that arrived here from New Mexico, say that a party of 25 horsemen, from Ohio, may be looked for here shortly. P. E. They arrived here yesterday.

ATTENTION is directed to the immense advertisements of Messrs. Campbell & Buffum. They have the best store and the best stock of goods in Northern Arizona.

SINGING SCHOOL.—We "stole" into the Court room, Thursday evening, while Professor R. E. Elliott was engaged in teaching his interesting class the manner and mode of taking a part in and conducting themselves at a Musical Festival, or Jubilee, such as that which recently assembled at Boston. Although not by nature or profession a musical critic, we fancied we could detect considerable improvement in the singing of Richard's pupils.

DR. O'REILLY. of Camp Date Creek, arrived here last week, having been temporarily relieved by Dr. Webb, of Fort Whipple. Dr. O'Reilly is in very poor health, but thinks a short residence here will make him all right again. Hope so.

A PARTY of twenty men arrived here, Thursday last, from White Pine, Nevada. Another party came in, Thursday morning. We learn that all brought good "outfits," and intend to remain in the country. Several more parties are on their way here.

RESIGNED.—We learn that Major H. P. Wade, 8th U. S. Cavalry, has resigned his commission, and should his resignation be accepted, will go East soon. Major Wade served during the late war with distinction. Since his arrival in this Territory, over a year ago, he has done some severe scouting, but, as luck would have it, was not very successful in finding Indians. He has the reputation of being a good, kind-hearted officer, and the men of his company will be sorry to part with him.

A U. S. PAYMASTER arrived at Fort Whipple, Tuesday last, and on Wednesday and Thursday, paid the troops at Fort Whipple. His Clerk went to Camp Verde, paid the troops stationed there, and returned to Whipple on Thursday. The Paymaster, his clerk and escort, started Friday morning, for Camp Toll-Gate, to liquidate Uncle Samuel's indebtedness to the troops at that post. We presume he will also visit Camp Willow Grove and the posts on the Colorado.

WOOL.—Messrs. Campbell & Buffum have, at their place in Prescott, 1,600 pounds of wool, which they, this year, clipped from their sheep. The wool seen by us was of fair quality. We are glad that a commencement has been made in the business, and hope others will engage in it. Mr. Campbell assures us that sheep do extremely well in this country.

We acknowledge receipt of several bottles of lager beer, from the Arizona Brewery, and thank the proprietors of that institution for the favor.

D. HENDERSON & Co. have just received, per Hazard's train, an extremely fine assortment of gentlemen's sewed and pegged boots, fine under wear, fashionable hats, white cotton and white silk gloves, Yankee notions, etc.; also, the finest whisky, port and sherry wine and cigars that were ever brought to this market, as well as Henry and Spencer rifles, Colt's pistols and all kinds of ammunition, including cartridges for Colt's improved. Needle pistol.

WHEAT.—We direct attention to the advertisement of J. M. Brannaman, in another column, offering for sale, 1,000 lbs new wheat, raised by him, this year, in Leonora Valley. We have specimens of the wheat in the office, but cannot, this week, describe it, further than by saying that it is excellent.

TUESDAY last, Indians set fire to a cabin on the Upper Skull Valley trail.

STERLING.—Within the past ten days, the sum of \$30,000 has been paid the original owners of this mine, for their feet. Eleven or twelve thousand dollars more will soon be paid those who still own feet in it. We learn that the mine is looking well, and producing good ore.

PISCINE.—The farmers of Miller's, Whipple, Willow and Lower Granite Creek Valleys indulged in a picnic at the ranch of Geo. Cary, on Sunday last.

RAIN.—It tried hard to rain here during the past week, but failed. Heavy showers fell in many of the foot-hill valleys, and in the mountains near the head of Lynx creek.

ARIZONA.—The hopes and prospects of this Territory, so long harassed by Indians, and hindered in its development by weary distances of desert roads and mountains, brighten just in proportion as the probability of the speedy completion of the Kansas Pacific Railroad along the 35th parallel. Should the companies having charge of that enterprise show signs of life during the course of the summer, Arizona will be well deserving of a visit by the speculative; for the Indians will certainly soon withdraw to farther mountain recesses, or to Mexico, and half of the Territory being excellent grazing country, largely timbered, with immense tracts of fine farming land, there will be no farther drawback to the growth of permanent interests, the forfeiture of which has so especially characterized that country. The Prescott Miner estimates the population of Yavapai County at 3,000, and says there are within 30 miles of Prescott 200 good sized ledges containing sufficient gold to pay handsomely for working and treatment by chlorination process. The Sterling lode, for example, contains \$15 to \$20 in free gold. No statement need be attempted here of the rich copper, silver and lead veins of that Territory. Thanks to Ross Browne, sufficiently ample details are accessible in "Mineral Resources, etc." The Arizonians are wearied of frontier hardship, seclusion and barbarism, and slow progress in the development of mines that ought to be valuable but are not, from extraneous causes. Geologically and Mineralogically that region does not differ much from the silver mining regions of Sonora, Chihuahua and Durango in Mexico; we are told that some of its mines were worked profitably 75 years ago.

Railroads can work wonders for countries situated like Arizona. We know now, not only how continental railroads can be built, but how they pay; and these things move rapidly under energetic hands. Arizona need not be discouraged. Her salvation is in a Southern Pacific Railroad.—San Francisco Mining and Scientific Press.

THE Democratic State Convention of California, has nominated Judge Crockett and W. T. Wallace, for Justices of the Supreme Court. These nominations gave great satisfaction.

GEO. C. GORHAM has returned to California.

BROWNLOW says that "Grant's administration makes Johnson's respectable."—Then if Belzebub succeeds Grant, he may possibly make Grant's administration respectable—but we doubt it.—Los Angeles News.

THE number of immigrants that arrived in New York during the first five months of this year was 50,730, against 34,567, for the same period last year.

PRICE OF GREENBACKS.—July 1, at San Francisco, greenbacks were 74@74½.

Hostetter's Celebrated Stomach Bitters.

Read E. D. E. N. Southworth's Letter.

Prospect Cottage, Georgetown, D. C.,
April 2, 1893.

MESSRS. HOSTETTER & SMITH:
Gentlemen—It gives me pleasure to add my testimonial to those of others in favor of your excellent preparation. Several years of residence on the banks of a Southern river, and of close application to literary work, had so thoroughly exhausted my nervous system and undermined my health, that I had become a martyr to dyspepsia and nervous headache, recurring at short intervals, and defying all known remedies in the Materia Medica. I had come to the conclusion that nothing but a total change of residence and parents would restore my health, when a friend recommended Hostetter's Bitters. I procured a bottle as an experiment; it required but one bottle to convince me that I had found at last the right combination of remedies. The relief it afforded me has been complete. It is now some years since I first tried Hostetter's Bitters, and it is but just to say that I have found the preparation all that it claims to be. It is a Standard Family Cordial with us, and even as a stimulant we like it better than anything else; but we use it in all nervous, bilious and dyspeptic cases, from fever down to indigestion. If what I have now said will lead any dyspeptic or nervous invalid to a sure remedy, I shall have done some good.
I remain, gentlemen, respectfully yours,
E. D. E. N. SOUTHWORTH.

DR. HUFELAND'S
CELEBRATED
Swiss Stomach Bitters.

The first and most healthful Tonic ever introduced into the United States is still the leading article, and more of this sold than of all other so-called Tonics or Bitters.
For Sale to the Trade by TAYLOR & BENDEL, Sole Agents, 409 and 411 Clay Street, San Francisco, California.

A Broken-Down System.

There is a disease to which the doctors give many names, but which few of them understand. It is simply weakness—a breaking down of the vital forces. Whatever its causes (and they are innumerable), its symptoms are in the main the same. Among the most prominent are extreme lassitude, loss of appetite, loss of flesh, and great mental depression. Indigestion and a "Stomach Cough" are also frequently concomitants of this distressing state of body and of mind. The common remark in relation to persons in such a condition is, that they are consumptive. Now, what these unfortunate really want is vigor—vital strength; and as certainly as dawn succeeds darkness they can recuperate their system and regain perfect health by resorting to HOSTETTER'S CELEBRATED STOMACH BITTERS. It is as clear that a life-reviving Tonic is required in such cases, as that the dying flame of an empty lamp requires to be revived with a new supply of oil. Perfectly pure and innocuous, containing nothing but the most good vegetable extracts, and combining the three grand elements of a stomachic, an alterative, and a general invigorant, HOSTETTER'S BITTERS are suitable to all constitutions, and are as applicable to the diseases and disabilities of the feeble sex as to those of men.

To FRIENDS.—Having a laudable desire to increase the circulation of the MINER, we request friends and patrons, everywhere, to use their influence with their neighbors, to get them to subscribe for our paper. A little effort on the part of the friends of the MINER would soon increase its circulation to one thousand copies, weekly, enable us to publish a better paper, and thereby do greater good for a Territory in whose settlement and development every man who makes a living in the Territory is interested. Go to work, friends, and procure for us more subscribers. if.

NEW GOODS.—A. Barnett, of Wickenburg, requests us to inform the people of Yavapai and adjoining counties, that he has just received an immense stock of groceries, provisions, clothing, etc., which he wishes to dispose of immediately, to make room for another stock. His prices are lower than those of any other trader in Central Arizona.
